

# COSTUME REFERENCE LIBRARY

## EVO Trooper

Model TX-5036, Photo by Julie Graham

**Description:** EVO Trooper

**Prefix:** TX

**Detachment:** Spec Ops Detachment

**Context:** The Force Unleashed

EVO Troopers are a specialized type of Stormtrooper that wear armor designed for extreme conditions.

The 501st approval requirements are listed in black.

In the page below, items listed in blue are recommended features that will improve the quality of the costume. Items listed in red are intended to further enhance the finished costume.

***For 501st membership only the requirements in black need to be met.***

- This CRL is a work in progress.
- As such, this costume must be approved by the Legion Membership Officer, via the appropriate section of the Legion forum.
- If you have this costume and would like to assist with the completion of this library entry, please contact your detachment leader.

- Please note that the use of the word "should" below does not indicate that the armor piece is considered open to interpretation. All instances of "should be" and "should have" will be replaced with "is" and "has", as this guide is completed.

## Optional Accessories

Items below are optional costume accessories. These items are not required for approval, but if present appear as described below.

E-11 Blaster  
For 501st approval:

- Based on a real or replica Sterling sub-machine gun, scratch-built, or a modified commercial toy Stormtrooper blaster.

For level two certification (if applicable):

- Folding stock (does not need to function).
- A real or replica ammo counter - based off of a Hengstler counter - shall be present.
- D-ring mounted on the rear.
- Sterling based blasters have the correct M-38 or M-19 style scope.
- Two power cylinders on the magazine housing.
- Scratch-built, resin cast, Hyperfirm rubber cast blasters shall have a total of 6 T-tracks on blaster (leaving the lowest row on the magazine housing side uncovered).
- If using the Hasbro E11 toy blaster and you cover all the rows of holes, the blaster will have 7 T-tracks total. But, if you want to have the correct number of T-tracks (6 total) with the lower row of open vent holes on the magazine housing side, then you shall cover the pre-existing rows of holes with T-tracks, and grind off the lower integrated T-track on the magazine housing side and drill a new row of holes in its place.
- No ESB/ROTJ greeblies are allowed on the blaster.

For level three certification (if applicable):

- Hasbro blasters are not allowed, even conversions.
